APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This environmental permit is issued pursuant to the provisions of NRS 533.4375 and is further issued subject to existing rights on the source.

It is understood that the amount of water herein granted is only a temporary allowance for pollution control as required by orders or letters issued by the Nevada Division of Environmental Protection. The right will cease upon the termination of clean up activity as determined by the Nevada Division of Water Resources.

A suitable measuring device will be installed to measure the amount of water pumped from the well before it enters the treatment facility. The measuring device will be maintained to allow monthly measurement of the flow. Records of the measurement will be submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer and all diversionary structures shall be removed.

The State retains the right to regulate the use of water granted herein at any and at all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 11876, Certificate 3503; 22884, Certificate 7630; 36870, Certificate 12923; 36871, Certificate 13747; 36872, Certificate 13748; 36873, Certificate 13749; 49459, Certificate 14023; 49460, Certificate 14024; 49461, Certificate 14025; 52036, Certificate 14018; 52037, 54214, Certificate 13754; 65428-E and 65429-E shall not exceed 825.65 million gallons annually.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second.

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed before:

Water must be placed to beneficial use on or before:

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:
